

# GRADUATE EVENT

## WHAT TO DO AFTER GRADUATION

Are you a graduate student or new professional exploring your career options?

Do you have questions about what to do after graduation?

Do you know what is required to start a private practice?

Do you know what to do to prepare for licensure?

Could you benefit from networking with current professionals and other graduate students?

### Becoming a Professional

Join ORCA to explore the process of moving from graduate school into a counseling professional. Current professionals will give information on pursuing licensure, private practice, agency work, and to answer questions you have about what to do to prepare for life after graduation.

May 4<sup>th</sup>

12pm – 3pm
